

Olivier Jean Brown (Proficient in English & French)

olivierjeanbrown@outlook.com | (613) 617-5361 | [LinkedIn](#) | [ResearchGate](#) | [GitHub](#) | [Website](#)

Profile Summary

Experimental Psychology Ph.D. specializing in Behavioural Neuroscience and advanced neuroimaging. Proven experience with multi-site clinical trial components, developing protocols, and ensuring data quality assurance. Highly skilled in scientific writing and trained in advanced statistical modeling. Accomplished instructor, presenter, speaker adept at disseminating complex findings.

Skills & Expertise

Project & Protocol Management

- Directed the neuroimaging workflow for a Health Canada-regulated multi-site Randomized Controlled Trial (RCT), including preparation of MRI protocol training materials, data acquisition/management, advanced processing, statistics, and manuscript writing.

Data Analysis & Statistical Modelling

- Applied advanced statistical and machine learning models (e.g., Mixed-Effects Models) to clean, transform, and aggregate multi-modal scientific datasets (e.g., raw MRI, clinical, and behavioral data). Validated analytical integrity and quality assurance for the RCT.

Stakeholder Communication & Public Engagement

- Translated complex scientific concepts for non-expert audiences; produced clear, rigorous writing for peer-reviewed publications.

Proficiencies

Statistical & Computational Skills

- R, Python (Pandas, NumPy), SQL (SQLite), MATLAB, SPSS, neuroimaging software (FSL, AFNI, SPM, CONN)

Data Management & Administrative Tools

- Power BI, REDCap, Microsoft Office Suite (Excel, Word, PowerPoint), SharePoint, OneDrive

Selected Technical Projects

- PhD-Report-Tools (GitHub)*: Documented, multi-language analysis toolkit integrating R (data cleaning, LMMs), Python (automated adherence reporting), MATLAB (mock-data GUI), SQL (clinical-database queries), Bash (MRI), and Excel (search-strategy workflows). Automated data cleaning, aggregation, analysis, and figure generation underpinning 3+ peer-reviewed publications.

Professional Experience

Research Institute Fellow, *Children's Hospital of Eastern Ontario*

2025 – Present

- Conduct clinical neuroimaging studies; leading preparation of 2+ manuscripts for peer-reviewed publication.
- Perform visual and software-based quality control of neuroimaging data to ensure analytical validity and reproducibility.
- Disseminate findings through abstract submissions and presentations at regional, national, and international scientific conferences.

Instructor, *University of Ottawa*

2022 – Present

- Taught the second-year course Biological Foundations of Behaviour to 100+ students in each of four academic terms.
- Developed, administered, and evaluated exams while providing extensive feedback.
- Coordinated tasks and develop marking schemes for teaching assistants, while addressing student inquiries.
- Awarded the William Barry Excellence in Teaching Award in 2024 for my performance as instructor.

Teaching Assistant, *University of Ottawa*

2020 – 2024

- Conducted lab tutorials and provided support for 10+ courses in psychology and neuroscience.
- Collaborated with professors to prepare course materials and grade exams.

Psychometrist, *Dr. Catherine Gow and Associates*

2019 – 2020

- Administered a series of tests for cognitive and emotional evaluation of clients seeking neuropsychological assessment.
- Marked and compiled test results, comparing results to normative data with best practices for confidential data management.
- Interpreted test results and prepared detailed reports for the on-site neuropsychologist.

Clinic Support Staff, *Ontario Addiction Treatment Centre*

2018

- Engaged regularly with patients that sought medical services for addiction treatment.
- Collected and analyzed patient samples for corresponding physicians.
- Coordinated with various pharmacies in the city to ensure receipt of written prescriptions and required medications.

Team Lead, *Escape Manor*

2017 – 2019

- Supervising staff member of the escape room company *Escape Manor*, overseeing employee duties and responsibilities.
- Hosted hundreds of guests in a variety of escape rooms, including private workplace events, guaranteeing client satisfaction.

Teaching Experience

Instructor, *University of Ottawa*

PSY2301 – Biological Foundations of Behaviour (<i>four</i> academic terms)	2022 – Present
• William Barry Excellence in Teaching Award (2024)	

Teaching Assistant, *University of Ottawa*

PSY2116 – Quantitative Methods in Psychology II (130hrs)	2024
PSY2301 – Biological Foundations of Behaviour (65hrs)	2024
PSY3301 – Behavioural Neuroscience (65hrs)	2024
PSY3108 – Perception (65hrs)	2023
PSY3108 – Perception (130hrs)	2023
PSY4391 – Neuroscience of Mindfulness (65hrs)	2022
PSY2301 – Biological Foundations of Behaviour (65hrs)	2022
PSY 3307 – Psychometric Methods (65hrs)	2022
PSY3301 – Behavioural Neuroscience (65hrs)	2021
PSY3108 – Perception (130hrs)	2021
PSY1101 – Introduction to Psychology: Foundations (65hrs)	2020

Research Experience

Research Assistant, <i>Children's Hospital of Eastern Ontario</i>	2025 – Present
---	----------------

Research Assistant (Volunteer), <i>York University</i>	2021
--	------

Research Assistant (Volunteer), <i>University of Ottawa</i>	2018-2019
---	-----------

Education

Ph.D. in Experimental Psychology, Specialization in Behavioural Neuroscience	2022 – 2025
--	-------------

University of Ottawa

- GPA: 4.0/4.0

Honours Bachelor of Arts in Psychology and Minor in Communication	2015 – 2019
---	-------------

University of Ottawa

- GPA: 3.7/4.0, *Magna Cum Laude*

Theses

- **Ph.D.** *Neural Correlates of Resilience in Pediatric Concussion and the Influence of a Mindfulness-Based Intervention.*
Supervised by Drs. Andra Smith & Andrée-Anne Ledoux
- **B.A.** *Emotion Enhancement of Memory in Face Recognition: Encoding, Retrieval, and Gaze Behaviours.*
Supervised by Drs. Charles Collin & Isabelle Boutet

Scholarships and Funding

• Murray Brown Award: University of Ottawa Pause and Reflect: A Mindfulness Journey, \$500	2025
• Murray Brown Award: University of Ottawa Society for Neuropsychology, \$2,120	2025
• William Barry Excellence in Teaching Award	2024
• Canada Graduate Scholarships (CIHR) – Doctoral competition, \$40,000 per annum	2024 – 2025
• Ontario Graduate Scholarship (OGS) Program, \$15,000 (offer rejected)	2024
• Admission Scholarship – Doctorate, \$9,000 per annum	2021 – 2025
• Ontario Graduate Scholarship (OGS) Program, \$15,000	2022
• Canada Graduate Scholarships (CIHR) – Master's competition, \$17,500	2021
• Admission Scholarship – Master's, \$7,500	2020
• Merit Scholarships of the Faculty of Social Sciences, \$2,000	2017 – 2019

Invited Presentations

• Speaker , <i>University of Ottawa</i> Mindfulness, Stress, and Perception. University of Ottawa Pause and Reflect: A Mindfulness Journey for Psych Students.	2025
• Speaker , <i>University of Ottawa</i> Neuro-Health Awareness Conference.	2025
• Speaker , <i>University of Ottawa Society of Neuropsychology</i> A Day in the Life: Clinical Neuropsychologist & Psychometrist.	2023
• Discussant , <i>Society of Behavioural Medicine</i> Making an impact after the impact”: Optimizing recovery after Traumatic Brain Injury.	2023
• Speaker , <i>Carleton Neuroscience Society</i> My Experience in Academia & Neurophysiology of Pediatric Concussion.	2022
• Guest Lecturer , <i>University of Ottawa</i> Pediatric Concussion and Mindfulness, as part of PSY4391.	2022
• Guest Lecturer , <i>University of Ottawa</i> War and Humanistic Thought, as part of PSY4130.	2022
• Speaker , <i>Canadian Positive Psychology Association</i> Psychological Resilience and the Recovery from Pediatric Concussion.	2021

Community Involvement

• Workshop host on MATAB for the Interdisciplinary Conference in Psychology at the University of Ottawa.	2023
• Peer-reviewer for four manuscripts submitted for publication at high impact journals.	2023 – Present
• Honour’s thesis evaluation reviewer for University of Ottawa School of Psychology.	2021
• Conference judge for Postdoctoral Research Day, University of Ottawa.	2023
• Conference judge for Brain Health Research Day, University of Ottawa.	2021
• Student ambassador for the Canadian Positive Psychology Association.	2021
• Co-Founder of the reputable graduate organization, the uOttawa Society for Neuropsychology.	2023 – 2025
• Project lead for uOttawa initiative on mindfulness, stress, and perception by directing collaborative seminars.	2025

Award

• William Barry Excellence in Teaching Award	2024
